

Warrior

Jimmie Allen

She's tougher than she looks
Her heart has a strong right hook
For all the hard times that we went through
There's nothing that she wouldn't do
For me and my baby sister
And that woman in that picture
Ain't just a woman in that picture
That's my mama, and I call her A warrior, a fighter
A get back up, a never say die
A keep on getting strong
A hanging just a little bit longer
For every one step back there's two steps forward
A warrior
Up before the sun
And praying to the one that blessed her
With patience and foul tips
Ain't no doubt this where my mama gets it
That blood in my mama's veins
She reminds me that it came
From the other woman in that picture
That's my grandma, and I call her A warrior, a fighter
A get back up, a never say die
A keep on getting strong
A hanging just a little bit longer
For every one step back there's two steps forward
A warrior The blood that's in my veins
I know that it came from a warrior, hm, yeah
Oh, yeah, a warrior
Oh, yeah she's
A warrior, a fighter
A get back up, a never say die
A keep on getting strong
A hanging just a little bit longer
For every one step back there's two steps forward
A warrior
Yeah she's a warrior
Oh yeah
A warrior
