

# Whole Lotta Woman

Kelly Clarkson

What you say?  
Girl, this my body You ain't know? Texas women do it bigger  
(What? Say it ain't so)  
In the south, it gets no realer, baby  
Pot full of grits, I'm hotter than your mama's supper, boy  
Better get with it  
Better watch your mouth, I might burn you, boy  
You goin', uh, downtown, gonna work  
Good love like dessert  
If you scared, go to church  
Whoop whoop, I'm a lover  
Hold on tight, little country boy  
I ain't no girl, I'm a boss with orders  
All I'm needing is a baby to love me  
Like a warm biscuit on a Sunday morning  
I got what you want, I'm aiming to please  
I got what it takes, I sure got the means  
I got what you want: sugar, honey, iced tea  
All eyes on me, oh, oh, baby I'm a whole lotta woman  
(From the way I walk and toss my hips)  
I'm a whole lotta woman  
(From the sound of my voice to the gloss on my lips)  
I'm a whole lotta woman  
(Anything I see, I want, I get)  
I'm a strong, bad-ass chick with classic confidence, yeah One time for the green  
And rolling like Tina  
Loving hard ain't easy  
Whoop whoop, if you mean it  
Hold on tight, little country boy  
I ain't no girl, I'm a boss with orders  
All I'm needing is a baby to love me  
I'm a warm biscuit on a Sunday morning  
I got what you want, I'm aiming to please  
I got what it takes, I sure got the means  
I got what you want: sugar, honey, iced tea  
All eyes on me, oh, oh, baby I'm a whole lotta woman  
(From the way I walk and toss my hips)  
I said, I'm a whole lotta woman  
(From the sound of my voice to the gloss on my lips)  
I'm a whole lotta woman  
(Anything I see, I want, I get)  
I'm a strong, bad-ass chick with classic confidence Ain't no competition, babe

It's just can you keep up with me?  
I can't do a thing about my wicked ways with gravity  
Higher than the leaves, they fall from trees like D-O-double-Gs  
I reside in Tennessee, but Texas still grows deep in me I'm a whole lotta woman  
(From the way I walk and toss my hips)  
Hey, I'm a whole lotta woman  
(From the sound of my voice to the gloss on my lips)  
I said, I'm a whole lotta woman  
(Anything I see, I want, I get)  
I'm a strong, bad-ass chick with classic confidence Come on  
Wait, do it again
