

Beautiful Day

Mellowdrone

Today is gonna be a beautiful day
No more waiting for the usual thing
Don't dare waste your time, boy
Don't dare waste your time
No more waiting for the usual thing What can I do to make this plan go through?
Approach it then in a different way
Someday I'll get it right, I swear I'll get it right
Today is gonna be a beautiful day Today is gonna be a beautiful day
[Incomprehensible] be proud
Take care and don't upset the crowd Today is gonna be a beautiful day
Don't waste your time, boy
Someday I'll get it right
Take care and don't upset the crowd
'Cause today is gonna be a beautiful day
