

# Bring It Out (feat. O.T. Genasis & Future)

## DJ ESCO

I got a thing in the car, I'm boutta bring it out  
Fuck what you talkin' 'bout nigga, we gotta bang it out  
I keep my bitch in the house, I'm boutta bring her out  
I got whips on whips this year, I'm bout to bring 'em out  
I'm boutta bang it out, I'm boutta bang it out  
I'm boutta bang it out, I'm boutta bring it out  
I put the mat on the rarri, I'm boutta bring it out  
We don't talk back to no cops, we just air 'em out  
If you ain't spraying for the gang then we  
puttin' you out  
I got my jammers inside my shirt, don't make me bring one out  
I got that thing, exotic car, don't make me bring it out  
I put 'em burkins in the closet, told her bring one out, hah  
Whip that soda, ice like polar  
Double on motor on the motorola  
Got your main thing, took her to boa  
Took her to the crib, made her do yoga  
I got bitches I know that you ain't seen yet  
Got the 4488 you ain't see yet  
These rappers gonna make me pull out my tennis chain  
I'm back and forth with my bitches like a tennis game  
I'm killin' niggas GYG, I put 'em in the hearse  
My bitch killin' you hoes, you know she had it first  
I got 'em guns I do the most, yeah I love to roast  
I could've got the wraith, but it can't fit my hoes  
I came up way up out the mud and turned up like a key  
I hit the club and valet tell me I can keep my key  
I'll shoot it out with all these niggas I don't give a fuck  
I got a hundred niggas with me, I don't give a fuck  
I got a thing in the car, I'm boutta bring it out  
Fuck what you talkin' 'bout nigga, we gotta bang it out  
I keep my bitch in the house, I'm boutta bring her out  
I got whips on whips this year, I'm bout to bring 'em out  
I'm boutta bang it out, I'm boutta bang it out  
I'm boutta bang it out, I'm boutta bring it out  
I put the mat on the rarri, I'm boutta bring it out  
We don't talk back to no cops, we just air 'em out  
Big face rollie, still rock  
Air 15, leave a nigga hold up  
Got a lotta cash, still move fast  
Dope in the pot, spoon in the trash  
I'm addicted to the pace, I'm a trap nigga  
Why you talk behind my back you should act nigga  
Make the money come back like a lap nigga

Treat you like you did good cause I clap niggas  
I got shooters on deck and its real fun  
Put your fingers in the air, get a real gun  
Heard you got a bitch nigga, get a real one  
Couple days in a month I hit a million  
I done had too much to drink I done fell on her  
Had a threesome with my bitch, put Chanel on her  
I'm still married to the game, got my ring, yeah  
Long clip beat hit his bitch, we can bang out I got a thing in the car, I'm boutta bring it out  
Fuck what you talkin' 'bout nigga, we gotta bang it out  
I keep my bitch in the house, I'm boutta bring her out  
I got whips on whips this year, I'm bout to bring 'em out  
I'm boutta bang it out, I'm boutta bang it out  
I'm boutta bang it out, I'm boutta bring it out  
I put the mat on the rari, I'm boutta bring it out  
We don't talk back to no cops, we just air 'em out If you ain't spraying for the gang then we  
puttin' you out  
I got my jammers inside my shirt, don't make me bring one out  
I got that thing, exotic car, don't make me bring it out  
I put 'em burkins in the closet, told her bring one out, hah
