

Be Yourself

DaniLeigh

She'll never keep up
She'll never, ooh yeah I came as myself
I am one of a kind design, like nobody else
I was born alone, I'ma die alone
Don't need no help (I don't need no help)
Be yourself, man
And I promise that you'll never fail
Go be yourself, yeah yeah
Money coming in, I feel it
All I did was me for a minute
Drop the plan on you haters
Everybody mad that I'm winning
Add it up, add it up, yeah
All I did was me for a minute
Be yourself, be yourself
All I did was me for a minute
You can't compare, it's authentic
I'm so real, not a gimmick
Could've switched up, but I didn't
This my life, I'ma live it, yeah
Times I thought I failed, made a way, I did it
Only time will tell, let's keep faith, stay with it
Be yourself, just do you only
Be yourself, yeah
Be yourself, just do you only
Do you only
Be yourself, just do you only
Be yourself, yeah
Be yourself, just do you only
Yeah yeah yeah Came back paid, I'm chilling
Dance moves slay, might kill it
Bet they know my name
(They didn't know my name)
DaniLeigh, don't you forget it
Add it up, add it up, yeah
All I did was me for a minute
Be yourself, be yourself
All I did was me for a minute
On my grind, see the vision
On my mom, I'ma get it
Same old me, never switching
New money, now I'm dizzy

Add it up, add it up, yeah
All I did was me for a minute
Be yourself, be yourself
All I did was me for a minute I came as myself
I am one of a kind design, like nobody else
I was born alone, I'ma die alone
Don't need no help (I don't need no help)
Be yourself, man
And I promise that you'll never fail
Go be yourself, yeah yeah On my mom, I'ma get it, yeah
On my mom, I'ma get it
Yeah
