

# The Underdog

## Spoon

Picture yourself in the living room  
your pipe and slippers set out for you  
I know you think that it ain't too far  
But I hear the call of a lifetime ring  
felt the need to get up for it  
oh you cut out the middleman  
get free from the middleman  
You got no time for the messenger,  
got no regard for the thing that you don't understand,  
you got no fear of the underdog,  
that's why you will not survive!  
I want to forget how conviction fits  
but can I get out from under it?  
Can I gut it out of me?  
It can't all be wedding cake  
It can't all be boiled away  
I try but I can't let go of it  
Can't let go of it, Cause you don't talk to the water boy  
and there's so much you could learn but you don't want to know,  
You will not back up an inch ever,  
that's why you will not survive, The thing that I tell you now  
It may not go over well  
And it may not be photo-op  
in the way that I spell it out  
But you won't hear from the messenger,  
don't wanna know bout something that you don't understand,  
You got no fear of the underdog,  
that's why you will not survive!
