

# Dirty Love

Cher Lloyd

I see you walking with a halo  
Cover it up, yeah, cover it up  
My baby No need to try and be a hero  
I've had enough  
Yeah, I've had enough, my baby You got a little bit of Tarzan  
Let it all out, yeah let it all out  
My baby You see the thrill is in the chase  
I wanna find out, I wanna find out  
My baby  
You're always so nice, I'm getting bored  
You say the right things, I'm getting bored  
And you always call first, I'm getting bored  
Yeah, I'm getting bored So sick of the good boys, I need a wild boy  
Something unpredictable  
Go ahead and be a caveman  
Give me all your dirty love  
No time for the right one, I need the wrong one  
Something unreliable  
Go ahead and be a caveman  
Give me all your dirty love You wanna treat me like a lady  
Don't even try, no, don't even try  
My baby Ain't gotta say that you need me  
Keep it inside, yeah, keep it inside  
My baby  
I know I sound a little twisted  
And maybe I am, or maybe I'm not  
But baby  
Playing the game is so addictive  
Don't want it to stop, don't want it to stop  
My baby You're always so nice, I'm getting bored  
You say the right things, I'm getting bored  
And you always call first, I'm getting bored  
Yeah, I'm getting bored So sick of the good boys, I need a wild boy  
Something unpredictable  
Go ahead and be a caveman  
Give me all your dirty love  
No time for the right one, I need the wrong one  
Something unreliable  
Go ahead and be a caveman  
Give me all your dirty love Yeah  
When you put your clothes back on  
Something always feels so wrong Baby, all I'm thinking of

Is I want your dirty love  
So sick of the good boys, I need a wild boy  
    Something unpredictable  
    Go ahead and be a caveman  
    Give me all your dirty love  
No time for the right one, I need the wrong one  
    Something unreliable  
    Go ahead and be a caveman  
    Give me all your dirty love  
So sick of the good boys, I need a wild boy  
    Something unpredictable  
    Go ahead and be a caveman  
    Give me all your dirty love  
No time for the right one, I need the wrong one  
    Something unreliable  
    Go ahead and be a caveman  
    Give me all your dirty love
