## 20syl

In my head  
Y-y-y-yo  
YeahFar away from home  
Ima-im-imagination roams  
(Everybody everybody) everybody's wrongRe-wrote the songThoughts become action  
Tell me what's happ'nin'  
What's your mind wrapped in  
Or wrapped around (wra-wrapped around, wra-wra-wrapped around)  
What's-what's your mind wrapped in or wrapped around  
Psyche sabotage  
Your Nike's need a jog  
Portraits in the fog  
Filter out the smo-o-og  
Information log  
So fast the past recalls  
You back the future stalls  
Fade to black the present calls  
Pull out some liquor for the homies lost  
For the homies, for the homies, for the homies lost  
Pull out some liquor for the homies lost  
Gone away I'ma make you say in my head  
Hella memories (mem-erase...)Yo, yo, yo, yeah  
Yo, yo, y-yo  
Yo, yeah, yo, yo  
Those voices  
Those voicesThose voices  
Those voices in my head  
Those voices in my headThose voices call  
Call  
Come and make me sing  
Oh-ohThe writing on the wall  
It's lovely when the stars all align it'll be fun  
Far away from home  
Imagination roams  
Everybody's wrongRe-wrote the songThose voices, Those voices  
Those voices, Those voices  
Those voices in my head  
Those voices in my headYou're too fat you're too thin  
You're too small you're too tall  
Confidence remindin' all  
I probably won't get the call  
A pessimist won't take the risk

No, name's not on the list treat it  
Take a piss on your dreams heat it  
Hard to believe when you don't believe it  
You don't need it  
It's destined, relapse around a lesson  
Miracles, blessing  
Oppressed with the stressin'  
Forever guessing  
Vision blocked  
No need for props  
The pimpin' stops  
Pluckin' and pullin' He Love Me Nots  
Stay inside the box the safe locked  
You won't be mocked  
Fully stocked of excuses  
Doin' it is useless Faithless, popped  
The ball was in yo' hands  
Slipped and dropped  
I cram to understand Your life flipped and flopped  
Cancel all your plans  
You just missed your stop  
Those voices call  
Call  
Come and make me sing  
Oh-oh  
Those voicesl  
Those voices in my head  
The writing on the wall  
It's lovely when the stars all align it'll be fun  
Far away from home  
Imagination roams  
Everybody's wrong
