

# I Know You See It (feat. Brandy "Ms. B" Hambrick)

Yung Joc

Inny meeny minny mo  
How many bitches from the club wont go  
(i know you see it, i know you see it)  
Im like inny meeny minny mo  
How many niggas from the club wont go  
(i know you aww it, i know you see it)Now you can call me tipdrill, they playing my song  
Throw a couple ones, then she throw away her thong  
When she bust it open, take a picture with my phone  
She love my cologne, i call it perk body zone  
Now she pussy poppin', it's goin' down  
Slap the waitress on the booty, tell her "get another round"  
And when i make it rain, money all over the ground  
Fresh force ones, sean john button down  
And then im like "oh boy, a clique fulla stars"  
Big four fifth, big dick, and big cars  
At the end of the day, when its all said and done  
I need four freaks 'cause i need more than one  
Inny meeny minny mo  
How many bitches from the club wont go  
(i know you see it, i know you see it)  
Im like bim bam, i know you want some  
She chewing on the dick like a piece of bubblegum  
(i know you see it, i know you see it)Im like inny meeny minny mo  
How many niggas from the club wont go  
(i know you aww it, i know you see it)  
Im like bim bam, i know you want some  
You chewing on the pussy like a piece of bubble gum  
(i know you see it, i know you see it)  
I aint never been the type to show off in the club  
Real laid back poppin' plenty bottles of  
Bub, dont smoke but i got much perk  
Get that nigga real high, make him slurp it then burp  
Could you be a groupie? i hear you singin' my song  
Like i see you, lemme feel your tongue  
Its T, miss B nigga, let me get you laced  
Take a step back, blow the pussy in ya face  
I aint talking cush nigga, im talking a rat race  
So many to choose from, give 'em all a little taste  
Gotta house fulla pussy, the madam of hip hop  
My bitches are superstars, so gushy you needa mop
