

# Espresso Love

## Dire Straits

One two one two three four  
She gets the sun in the daytime  
Perfume in the dusk  
And she come out in the night time  
With the honeysuckle musk  
Because she smells like a rose  
And she tastes just like a peach  
She got me walking where the wildlife goes  
I'd do anything to reach her  
And she was made in heaven  
Heaven's in the world  
Oh she was made in heaven  
Heaven's in the world  
Is this just espresso love  
You know I'm crazy for the girl  
Just a-crazy for the girl  
Yeah she call me just to talk  
Well she's my lover she's a friend of mine  
Says hey mister d'you wanna take a walk  
In the wild west end sometime  
And I get trouble with my breathing  
When she says boys don't know anything  
But I know what I want (I want 'o tell you something)  
Yes I want everything  
Cos she was made in heaven  
And heaven's in the world  
Oh she was made in heaven  
Yes heaven's in the world  
Is this just espresso love  
See I'm crazy for the girl  
Just a-crazy for the girl  
Yeah you know I feel so good cos I feel so good  
And I feel so good cos it feels so right  
I was made to go with my girl  
Just like a saxophone was made to go with the night  
Take it take it  
She can raise one eyebrow  
Put her hand on my hip  
And I close one eye now  
Sweat on her lip oh  
Oh and I surrender to the fever  
And I surrender to the will of the night  
She love me so tender I got to believe her  
Love? Huh! Espresso love's alright  
Cos she was made in heaven  
Heaven's in the world  
Oh she was made in heaven  
Heaven's in the world

Is this expresso love  
You know I'm crazy for the girl  
Just a-crazy for the girl My my my my No well I don't want no sugar in it  
No thank you very very very  
All wired up on it all fired up on it  
Expresso touch  
Hey maestro expresso now  
Hey maestro she said expresso now  
It's just another one just like the other one  
It's just another one just like the other other one  
Oh hey maestro expresso now  
I say hey maestro expresso now  
Just like the other one
