

Heroes

Alias

A man has his own way
Each moment in time
The innocence of a child
In his eyes Moments they were precious few
My memories of you
Answers are hard
To questions of the heart Can't hold you, please hear me
I'll tell you that I love you
Can you see me? Are you listening
In heaven above? A champion, a hero
A star in the sky
Hurray for the hero
The hero in all our hearts, oh
A castle, a strange emptiness
An unbroken bond
With strength and forgiveness
For memories of the heart The world revolving each day
A king and his queen
A place for a hero
In everlasting love Can't hold you, please hear me
I'll tell you that I love you
Can you see me? Are you listening
In heaven above? A champion, a hero
A star in the sky
Hurray for the hero
The hero in all our hearts
A champion, a hero
A star in the sky
Hurray for the hero
The hero in all our hearts, oh The world of so long ago
Was so different then
But keep it together
We'll make it, he's made it to heaven A champion, a hero
A star in the sky
Hurray for the hero
The hero in all our hearts A champion, a hero
A star in the sky
Hurray for the hero
The hero in all our hearts A champion, a hero
A star in the sky
Hurray for the hero
The hero in all our hearts A champion, a hero

A star in the sky
