

# My Life

NF

Yeah, look I mean this with love when I say it  
I wanna answer the phone when you call me  
The problem is, it's 10 a.m. and you're already drinkin'  
You're probably already wasted  
What's the point in having conversation with somebody that  
Won't remember we had conversation, yeah,  
We always talk about the same things, we just say 'em different  
Try to fix it, crazy, isn't?  
You say, "Mom was always proud" and played the videos of us as kids  
I get it  
I think that both of us live in the past,  
so we take for granted the present  
Maybe next time I'm in Michigan, I'll come and visit  
We ain't got a lot in common but both of us miss her  
We could sit inside your smoke-filled livin' room  
And tear up together, that's real  
I might do some things you don't like  
We all make mistakes, that's just life  
They might say I changed, that's alright  
That's alright, that's alright  
That's just my life, my life, my life, my life  
That's just my life, my life, my life, my life  
That's just my life, my life, my life, my life  
That's just my life, my life, my life, my life  
My life, my life  
You know my patience is very thin  
Wish I was there again  
I'm not embarrassed to say that we've always had issues  
I'm embarrassed to say that we never took care of 'em, yeah  
Pain will always find its way to the surface  
No matter how deep you bury him  
Growin' up, I felt like no one ever really got me, eventually  
I took that out on relationship (woo)  
I put my arm around you, and I mean it, I love you to death  
These are the moments I know I'ma always hold onto and cherish 'em, yeah  
Life's about taking chances, making moves  
Not about what you did, it's what you do  
Build on what you got and learn from what you lose  
And never let people distract you from being you  
I might do some things you don't like  
We all make mistakes, that's just life  
They might say I changed, that's alright

That's alright, that's alright  
That's just my life, my life, my life, my life  
That's just my life, my life, my life, my life  
That's just my life, my life, my life, my life  
That's just my life, my life, my life, my life

My life, my life

That's just my, that's just my, that's just my  
That's just my, that's just my, that's just my  
That's just my, that's just my, that's just my

(Oh no no no) Yeah

That's just my, that's just my, that's just my  
That's just my, that's just my, that's just my  
That's just my, that's just my, that's just my

Life

That's just my life, my life, my life, my life  
That's just my life, my life, my life, my life  
That's just my life, my life, my life, my life  
That's just my life, my life, my life, my life

My life, my life
