

# I'll Be Fine (feat. Kelsey Gill)

## Yellow Claw

You and I looked ideal babe  
Till it all goes down  
Had my goals on the front page  
And now they're nowhere around I don't wanna feel this way  
Say goodbye to sleepless nights  
Don't know how I'm gonna turn away  
I don't wanna lose more time I'm so distracted underneath your lie  
I get a reaction looking in your eye  
Such an attraction, I'd  
Win it all and lose my mind  
Beautiful distraction, oh  
Let me go and I'll be fine  
Used to brag 'cos you're perfect  
Everything I ever wanted  
But you're killing all my progress  
Just so you can feel in love, yeah I don't wanna feel this way  
Say goodbye to sleepless nights  
Don't know how I'm gonna turn away  
I don't wanna lose more time  
I'm so distracted underneath your lie  
I get a reaction looking in your eye  
Such an attraction, I'd  
Win it all and lose my mind  
Beautiful distraction, oh  
Let me go and I'll be fine
