

# Numb

## Family Force 5

(Hey, you know... cardboard is, uh, one of the coolest things ever made by paper! Dance on cardboard) Oh no they broke out the cardboard  
Looks like I'm headed to the dance floor to break it down for 'em once again  
Guess what, jigga what, hey, I can do a head-spin  
I don't care what jam is on  
Cause i ain't going home until the break of dawn  
Find myself in tune with the groove  
I can't stop, uh, I gotta move [chorus x2] Play me song  
Make it nice and long  
Pump it through the speakers so I can hear  
The beat of the drum  
rockin all night long  
Make you wanna dance till ur feet go numb [x2]  
YEAAHHHHH! Ur feet go Numb  
Dance to the beat till ur feet go Numb, baby  
YEAAHHHHH! Ur feet go Numb Watchout I'm gonna do the moonwalk  
Got so many moves I'm against the law  
You Can't step to this. don't wanna mess with this, hey, and even if  
you tried  
I'd go like this  
Ok, I'm back in the picture  
Gonna do the centipede, don't let me hit you  
You try to step on the floor  
But you realize I'm in control  
Of the party, of the party, y'all  
You don't stop ur feet until we end this song  
To the left, to the right, to the back, to front  
Hey, DJ, put it on [chorus x2]  
Play me song  
Make it nice and long  
Pump it through the speakers so I can hear  
The beat of the drum  
rockin all night long  
Make you wanna dance till ur feet go numb [x2] YEAAHHHHH! Ur feet go Numb  
Dance to the beat till ur feet go Numb, baby  
YEAAHHHHH! Ur feet go Numb [breakdown with B-boy banter] [chorus x2]  
Play me song  
Make it nice and long  
Pump it through the speakers so I can hear  
The beat of the drum  
rockin all night long  
Make you wanna dance till ur feet go numb [More B-boy bravado]
