

# Party Up (feat. YG)

## Destructo

Where the bartender? Tell him bring more liquor  
The only black person in here, bring more niggas  
. mah niggas, easy made millions  
I think it's easy to make millions Kick the party up  
I keep bitches on a party bus  
If flea fucking, don't talk to us  
That's probably why we don't talk too much I want to party, I want to fuck  
I want a model, no I want a slut  
I want to do all freaky things  
I need a bitch that'll do them kinky things Where the bartender? Tell him bring more liquor  
The only black person in here, bring more niggas  
. mah niggas, easy made millions  
I think it's easy to make millions  
Kick the party up  
I keep bitches on a party bus  
If flea fucking, don't talk to us  
That's probably why we don't talk too much I want to party, I want to fuck  
I want a model, no I want a slut Kick the party up
