

Hot Boy (feat. Lil Wayne)

Preme

I'm just tryna bring your pretty ass back to my place
I remember you way back, back from MySpace
Need a 'bout it bitch that can bring the pussy my way
All these niggas lookin' at me, lookin' at me sideways
Prolly 'cause I got the whole city on lock, boy
Prolly 'cause I got the whole city on lock, boy I should dread my head the way I'm feelin' like a
hot boy
Hatin' on the man, I push Ferraris down the block, boy
Yeah, yeah, and I like it like that
And I'ma keep it like that, yeah
Yeah, yeah 'cause I like it like that
I'ma keep it like that, oh, yeah
Yeah, yeah I love it, I love it, I love it, oh, ooh, yeah, yeah
Oh no, no, no, no
I pull the roof down just to look at the clouds
New clique, called, "No Broke Niggas Allowed"
Smooth bitch, smell like she came out the shower
Move then, 'cause that pussy got ahold of me now
You're holdin' me down, yeah, we runnin' the town
Let's catch a flight and treat the world like a merry-go-round
I got the ice, hombre, goons on site
'Cause if niggas get to trippin' then my dogs might bite, yeah I'm the type of nigga, hit it on the
first night, yeah
Swerve life when she ask me can she spend the night here
Heard them niggas hatin' on the team, bitch, I might care
I could fuck the girl of your dreams, that's a nightmare
I could fuck the girl of your dreams, that's an idea You know I'ma beat the pussy up, I don't
fight fair
I don't need the fake love, I just need the paystubs
Quick to cut a bitch, but never take a paycut
I'm just tryna bring your pretty ass back to my place
I remember you way back, back from MySpace
Need a 'bout it bitch that can bring the pussy my way
All these niggas lookin' at me, lookin' at me sideways
Prolly 'cause I got the whole city on lock, boy
Prolly 'cause I got the whole city on lock, boy I should dread my head the way I'm feelin' like a
hot boy
Hatin' on the man, I push Ferraris down the block, boy
Yeah, yeah, and I like it like that
And I'ma keep it like that, yeah
Yeah, yeah 'cause I like it like that
I'ma keep it like that, oh, yeah Yeah, yeah

I love it, I love it, I love it, oh, ooh, yeah, yeah
 Oh no, no, no, noUm... I'm just tryna hit it on the first night, squirt like
 She just tryna ride it like a dirt bike, swerve life
 I'm the livest nigga up in her life, sure, right
 And I'm the blindest nigga up in her eyes, now I'm preachin'
 Was a hot boy in my first life, word life
 Had to move on like a third strikeNow I'm preachin', lookin' for the one with the curves tight
 Now I'm squeezin', sexy Polynesian pepper girl, extra jalapeños
 Bring you where you've never been brung with my tongue, bae
 I could make you fiend for the D like a nun, bae
 Diamonds on me sing like they Harry Belafonte
 Skinny ass jeans and some OVO MJ'sCan't go to the 6 until the record is a clean slate
 Might just grow a beard, be the mean New Orleans Drake
 Might just throw a party next door to where Preme stay
 As my mothafuckin' keys shake
 Yeah, prolly 'cause I got the whole city on lock, boyMight just do some braids like Wayne
 'cause I'm a Hot Boy
 Used to have some wings, had to get them shits chopped off
 Might just do some braids like Wayne 'cause I'm a Hot BoyYeah, prolly 'cause I got the whole
 city on lock, boy
 Might just do some braids like Wayne 'cause I'm a Hot Boy
 Used to have some wings, had to get them shits chopped off
 Might just do some braids like Wayne 'cause I'm a Hot BoyI'm just tryna bring your pretty ass
 back to my place
 I remember you way back, back from MySpace
 Need a 'bout it bitch that can bring the pussy my way
 All these niggas lookin' at me, lookin' at me sideways
 Prolly 'cause I got the whole city on lock, boy
