

# Kill Me

Jared Evan

Throw your hands up, throw your hands up  
Throw your hands up, throw your hands up Feel my pain, yo I got an addiction  
She's a drug she be all in my system  
Sort of like a fiend when we fuck be blowing and sniffing  
And all I really need's a prescription If she's weed I can't smoke enough  
She's like heroine and sex man, she's dope as fuck  
And I ain't getting any better here  
I'm still sick with illness, kill me cause everything will be forever clear  
Ever since the pain I can never bare  
I'm loosing my brain but she gives it to me everywhere  
I'm addicted baby, so why don't you kill me?  
You're a sickness baby, but I need you to heal me  
I can take this no more, I've been having withdrawal  
I've been feeling so alone, so I need you to kill me, kill me,  
Throw your hands up, throw your hands up  
Throw your hands up, throw your hands up She's like crack and I finally hit  
There's chocolate up and have sex in the kitchen  
Living in this ecstasy web e rolling and tripping  
Bitch you be getting me lifted  
Black ... and we up in the bed  
We ain't rubbing, we ain't touching, we just bumping the...  
When we done with the sex, I be ...  
Cause Mary Jane and ... leaving again  
This is a game that will never end  
I'm loosing my brain but she gives it to me everywhere  
I'm addicted baby, so why don't you kill me?  
You're a sickness baby, but I need you to heal me  
I can take this no more, I've been having withdrawal  
I've been feeling so alone, so I need you to kill me, kill me,  
Throw your hands up, throw your hands up  
Throw your hands up, throw your hands up
