

The Faded Line

Lamb of God

Witness shame's parade
The pain of blame repaid
It's fucking hopeless
Accusations and denial Hopeless
Demon of another day
Colorless
Stoned
Solid gray Emptiness
Of promises I made
So faithless
The tenants long betrayed
Walk the faded line
Cursed crawl of time
Silence
The only promise ever kept Familiar touch
A ritual to numb the cut
Salvation in vice
Anguish is realizing what could have been
But never was
It's emptiness that fills the cup
Devotion in the method of my fall Pointless
Futility continuing
Endless
Flowing in corrupted vein
Walk the faded line
Cursed crawl of time
Silence
The only promise ever kept
It's fucking hopeless
Hopeless
It's fucking hopeless
Hopeless
