

Overdose

Alessia Cara

Oh, and I overdose
Boy, I want off of this roller coaster
You take me high just to bring me down
Oh, and you bring me down (down) Trying not to take too much
I'm in over my head
Over love, oh, I overtrust
Give me the chance to pick up the pieces you left me in, why did I let you in?
Overzealous, I'm over this
Oh, I'm over us
Over and over
I let you under my skin and it's over
I promised never again you'd come over
Something takes over me
I can't control this hallucinogen
Oh, and I overdose Boy, I want off of this roller coaster
You take me high just to bring me down
Oh, and you bring me down
Oh, and I overdose
Boy, I want off of this roller coaster
You take me high just to bring me down
Oh, and you bring me down
We fight, we laugh
Detox, rehab
Letting go of what we had, oh
Over trying, over lies
Over crying, over-traumatized
Over-worked and, moreover, I'm done
Over and over
I'm falling under your spell, call me over
I'm runnin' back to this hell, are we over?
And didn't you say we were through? Why can't I get over you?
Oh, and I overdose
Boy, I want off of this roller coaster
You take me high just to bring me down
Oh, and you bring me down Oh, and I overdose
Boy, I want off of this roller coaster
You take me high just to bring me down Oh, and you bring me down
Boy, I come crashing (crashing)
Down from the high and wondering (wondering)
Wondering why this ain't over
Let it just be over
Sobering thoughts taking over my mind

Oh, and I overdose
Boy, I want off of this roller coaster
You take me high just to bring me down
Oh, and you bring me down
Oh, and I overdose
Boy, I want off of this roller coaster
You take me high just to bring me down
Oh, and you bring me down
