

# All the Way Down

## Kelela

When you're riding  
Down at night  
But you say The only way to sum it up  
Is falling roller-coaster rush  
I'm doing things that I don't do  
So comfortable when I'm with you  
Kinda took me by surprise  
I love it and I don't know why  
You shot it and you got it  
And I don't wanna fight it  
So hold me while were taking this ride You, when it's good I'm questioning  
You, then I stop to take it in  
Is my head in the way?  
Cause my heart can't explain  
Where we going now?  
Build it up, we tear down  
Cared before but baby  
Now I don't give a fuck All the way down  
On a one way to you  
I'm on my way down  
No matter what your going through I'm staying over at yours tonight  
I'm calling late let's exercise  
There's something buried in your eyes  
Draws me in and I can't hide  
I'm clocking in today I'm on one  
I came in hard I hope you don't run  
I tell him all about it but even I would doubt it  
They never seen the things that you do  
You, when it's good I'm questioning  
You, then I stop to take it in Is my head in the way?  
Cause my heart can't explain  
Where we going now?  
Build it up, we tear down  
Cared before but baby  
Now I don't give a fuck All the way down  
On a one way to you  
All the way down  
No matter what your going through Take it in, Take it in  
All I wanna do is  
Stay with it, stay with it  
And I know that you won't  
Play with it, play with it

Are you ready? Hold on  
Take it in, Take it in  
All I wanna do it  
Stay with it, stay with it  
And I know that you won't  
Play with it, hold on When it's good I'm questioning  
You, then I start to take it in  
Is my head in the way?  
Cause my heart can't explain  
Where we going now?  
Build it up, we tear down  
Cared before but baby  
Now I don't give a fuck All the way down Baby what you wanna do?
