

# Without You

Monica

Only you  
Can make me run to you  
And be there whenever  
I fall I thought  
I would fall again  
Over you  
Anything everything that you do  
Makes me say I need you now  
Always in time to love me right hold me tight  
keep me coming home every night  
For you  
Ain't nobody gonna change my mind  
Don't think twice I been looking for you all my life  
Baby  
How do you survive all this time  
Without you  
Without you  
You You  
Without you  
And I don't ever wanna let you go  
(I'll do anything anything anything)  
Because you are the only one I love Without you  
You You Without you  
You You and me  
And me  
Can we start a family  
We made it official baby  
ooohh With me and you Every night I close my eyes  
I thank the Lord that you're laying next to me  
I didn't think it was possible the loving you brings out the best in me  
Baby  
Always in time to love me right hold me tight  
keep me coming home every night  
For you  
Ain't nobody gonna change my mind  
Don't think twice  
I been waiting all my life for you Baby  
Got me wondering  
how do you survive all this time  
without you  
Without you  
You You

Without you  
(I'll do anything anything anything)
