

# You Should Be Here

[Cole Swindell](#)

It's perfect outside  
It's like God let me dial up the weather  
Got the whole crew here  
I ain't seen some of them in forever  
It's one of those never forget it,  
better stop and take it in kinda scenes.  
Everything's just right yeah except for one thing You should be here,  
standing with your arm around me here  
Cutting up, cracking a cold beer, saying cheers  
hey y'all it's sure been a good year  
It's one of those moments,  
that's got your name written all over it  
And you know that if I had just one wish  
it'd be that you didn't have to miss this  
You should be here  
You'd be taking way too many pictures on your phone  
Showing them off to everybody that you know back home  
And even some you don't yeah  
They say now you're in a better place  
And I would be too if I could see your face You should be here,  
standing with your arm around me here  
Cutting up, cracking a cold beer, saying cheers,  
hey y'all it's sure been a good year  
It's one of those moments,  
that's got your name written all over it  
And you know that if I had just one wish it'd be that you didn't have to miss this.  
Aw you should be here You'd be loving this, you'd be freaking out, you'd be smiling, yeah  
I know you'd be all about what's going on right here right now.  
God I wish somehow you could be here  
Oh you should be here  
Yeah this is one of those moments that's got your name written all over it  
And you know that if I have just one wish it'd be that you didn't have to miss this  
Aw you should be here  
You should be here
