

Tweakin

Luh Kel & IV JAY

You got me tweakin' (tweakin')
All in my feelings
Ohh but I like it (yea) I can't deny it (yea) You know what you doing
Brain Like a Bruin
Ohh you be wildin
When I'm inside it No cappin you got me
Your face and your body
It drive me insane
I'm sending your pictures To all of my niggas
Like that's my bae
And I never felt this way
Ohh bae
Ohh she got me open
Her Nina fully loaded
The way it's killing me
Ohh murda yea she wrote it I'm swimming at the bottom
When I'm in your ocean
And don't you ever leave
No I can't see you going Girl you got me feenin'
Got me in the deep end
And all your love yeah you know I need it
Girl you got me feenin' And you got me tweakin
And all your love yeah you know ooh I need it
It's all day and all night
You stay on my mind
Girl you got me feenin'
Got me in the deep end
And all your love yeah you know ooh I need it Tell me you going to ride for me
Spend some time with me
Say you tryna be my everything
Then that's fine with me I ain't never going to lie to you
So don't you lie to me
Know you can have my heart if
You just treat it properly 'Cause I ain't never felt this way
You really doing something to me
I'm feenin, I'm tweaking, I'm doing the most tonight
I'm not going to lie, I'm scared that you ain't mine Baby keep it real, do you run the game?
Tell me if there's other girls up in your face
'Cause they could never have you cause I have you
And I ain't one to brag boo but I have to Girl you got me feenin'
Got me in the deep end
And all your love yeah you know I need it

Girl you got me feenin' And you got me tweakin
And all your love yeah you know I need it
It's all day and all night
You stay on my mind Girl you got me feenin'
Got me in the deep end
And all your love yea you know I need it When I feel alone I know baby you'll help
Know that you don't need nobody else I know you well
Sometimes bae I be tweakin and don't trip off how you feel
I rather be with you because I'm no good by myself Boy you got me feenin'
Got me in the deep end
And all your love yeah you know I need it
Girl you got me feenin' And you got me tweakin
And all your love yeah you know I need it
It's all day and all night
You stay on my mind Girl you got me feenin'
Got me in the deep end
And all your love yeah you know I need it (Oh)
