

The Very Next Thing

Casting Crowns

I spend all my time,
Dreaming what the future's gonna bring.
When all of this time,
There's a world passing by right in front of me.
Set my sights on tomorrow,
While I'm tripping over today. Who says big things,
Are somewhere off in the distance.
I don't want to look back,
Just to see all the times, that I missed it.
I want to be here and now,
Starting right here, right now.
With the very next words,
Of love to be spoken.
To the very next heart,
That's shattered and broken.
To the very next way,
You're gonna use me.
Show me the next thing,
I'll do the next thing. Let my very next breath,
Breathe out a song of praise to You.
With my very next step,
Be on a road that was planned by You.
Lord, wherever You're leading me,
That's where I want to be.
With the very next words,
Of love to be spoken.
To the very next heart,
That's shattered and broken.
To the very next way,
You're gonna use me.
Show me the next thing,
I'll do the next thing. Eyes wide open,
I see You working.
All around me,
You're on the move.
Step by step,
I'm running to meet You.
In the next thing,
In the next thing. Eyes wide open,
I see You working.
All around me,
You're on the move.

Step by step,
I'm running to meet You.
In the next thing. With the very next words,
Of love to be spoken.
To the very next heart,
That's shattered and broken.
To the very next way,
You're gonna use me.
Show me the next thing. Eyes wide open,
I see You working.
All around me,
You're on the move.
Step by step,
I'm running to meet You.
In the next thing,
In the next thing. Eyes wide open,
I see You working.
All around me,
You're on the move.
Step by step,
I'm running to meet You.
In the next thing,
In the next thing. Eyes wide open,
I see You working.
All around me,
You're on the move.
Step by step,
I'm running to meet You.
In the next thing,
In the next thing.
