

# Be Long

## Little Daylight

Oh I wish that I could stay with you  
At the lake beyond the woods  
Where our love woke up in the quiet night  
And your sister's children stood  
With our shining eyes, they would never guess  
That we couldn't get along  
It could only sing of summer  
But our days would not be long Be long  
Day of summer be long  
Be long  
Night of spring be long I don't know what you'd say to me baby to make this sound like a love  
song  
I don't know what you'd say to me baby to make this sound like a love song I remember now,  
what you said to me  
At the house beyond the woods  
If the water rose to the window sill  
Would you swim me out to shore  
So behind our love grew a hurricane  
The leaves began to fall  
In the dead of night I held  
But our days would not be long  
Be long  
Day of summer be long  
Be long  
Night of spring be long  
I don't know what you'd say to me baby to make this sound like a love song  
Here it comes, like a storm blowing cold  
It'll take us back where we came from  
I don't know what you'd say to me baby to make this sound like a love song  
Here it comes, like a storm blowing cold  
It'll take us back where we came from  
I don't know what you'd say to me baby to make this sound like a love song  
Here it comes, like a storm blowing cold  
It'll take us back where we came from  
I don't know what you'd say to me baby to make this sound like a love song  
Here it comes, like a storm blowing cold  
It'll take us back where we came from  
(I don't know what to say  
Wind will blow us far away  
I don't know what to say  
Wind will blow us far away)
