

# Malibu

## Miley Cyrus

I never came to the beach, or stood by the ocean  
I never sat by the shore, under the sun with my feet in the sand  
    But you brought me here  
    And I'm happy that you did  
    'Cause now I'm as free  
    As birds catching the wind  
I always thought I would sink, so I never swam  
I never went boatin', don't get how they are floatin'  
And sometimes I get so scared of what I can't understand  
But here I am, next to you  
    The sky's more blue in Malibu  
    Next to you in Malibu  
    Next to you  
We watched the sun go down as we were walking  
I'd spent the rest of my life standing here talking  
    You would explain the current, as I just smile  
Hoping that you'll stay the same, and nothing will change  
    And it'll be us, just for a while  
    Do we even exist?  
That's when I make the wish, to swim away with the fish  
    Is it supposed to be this hot all summer long?  
I never would've believed you if three years ago you told me  
    I'd be here writing this song  
But here I am, next to you  
    The sky's so blue in Malibu  
    Next to you in Malibu  
    Next to you  
    Next to you  
    The sky's so blue in Malibu  
    Next to you  
We are just like the waves that flow back and forth  
    Sometimes I feel like I'm drowning  
    And you're there to save me  
And I wanna thank you with all of my heart  
    It's a brand new start  
    A dream come true  
    In Malibu
