

# All You Never Say (US Version)

## Birdy

You've been searching  
Have you found many things?  
Time for learning  
Why have I not learnt a thing? Words with no meaning  
Have kept me dreaming  
But they don't tell me anything And all you never say is that you love me so  
All I'll never know is if you want me oh  
If only I could look into your mind  
Maybe then I'd find a sign  
Of all I want to hear you say to me  
To me  
Are you uncertain?  
Or just scared to drop your guard?  
Have you been broken?  
Are you afraid to show your heart? Ohh...  
Life can be unkind  
But only sometimes  
You're giving up before you start And all you never say is that you love me so  
All I'll never know is if you want me oh  
If only I could look into your mind  
Maybe then I'd find a sign  
Of all I want to hear you say to me  
To me  
All you never say is that you love me so  
All I'll never know is if you want me oh  
If only I could look into your mind  
Maybe then I'd find a sign  
Of all I want to hear you say to me  
To me
