Dexter[Verse 3: A\$AP Rocky]
Order VLONE, color orange mango label
Rotary phone (whew) in my old school Mercedes
Smoke OG Grown (whew) when I'm Californicating
I got 3 phones, business, conversation, and relation
Hol' up, wait a sec', wait a min', wait a tic
Jacob my wrist, othing was fake on my wrist
Four finger ring on my hand
Say what you say to my wrist
Talk to the hand, don't wanna resort to the hands
What the face say to the fist
(I'm Rick James, bitch!)[Interlude 3: A\$AP Rocky]
Ha, funny as shit
A fifth of the tab
Suck on her tits
Go back to the pad
Watched Dexter's Lab on the 'Flix[Verse 4: A\$AP Rocky]
Speed it up, speed it up, speed it (Up)
Just did this track and I beat it (Up)
Acne my jacket from Sweden (Huh)
My chicks don't exactly know English (Uhhh)
They ain't about that action of no beefing (uh)
I might as well go back to vegan (uh)
My shit might go Platinum first week (uh)
Play this shit back and repeat it (uh)
Word around, word of mouth, word around town
You the one doin' all the murder 'round town
Pullin up, shootin, leave the burna Downtown
Shoot it like the birdy cause they all fly South
Whippin', whippin', whippin' the wrists
I'm fucking your bitch and I'm up in your fridge
I only tell stories of tuckin' in kids
So how in the fuck can they fuck with the kid[Outro: A\$AP Rocky]

Ha, funny as shit
I went missing a bit
I'm back in my bag
Back to the pad
Watched Dexter's Lab on the 'Flix
