

# Secret

## Samantha Jade

Why don't you be a man  
Hold a call and don't say you don't understand  
If you gotta matter, take it in your hands

...

Where did you get your education?

...

Take a seat, stop a second  
Somebody's got a little secret  
Somebody's doesn't know I know it  
You think it's breaking my heart
