

Moses (feat. Chris Brown & Migos)

French Montana

I just got back from the moon
I told her be back soon
I don't really wanna go I told her hold it down
She fucking with the plug
told her "come over now"
Where are all my bitches tonight?
Bring me some more bitches tonight
Yeah
I bought a hunnid rounds
She asking for fifty
threw a hunnid thou
Where are all my bitches tonight?
Bring me some more bitches tonight
Yeah I'm feeling like Moses
I'm all in the ocean, I'm parting, divided up felling like Moses
She switching emotions and making them faces just like an emoji
Pineapple Fanta, it mixed with the Xanax, she loving the codeine
All of my killas they ready to follow me, I feel like Moses
Got a hunnid bitches with me, feel like (Moses)
Got a hunnid killas with me, feel like (Moses)
Got a yacht on the water feel like (Moses)
Got a hunnid bad bitches feel like (Moses)
Feeling like Golden
Sipping and drinking I'm feeling like Kobe
Sipping and drinking that yellow and purple I'm mixing that codeine
Look at the top of my Audemar
Look at them bitches they wall to wall
Look at my niggas they all in
You know them niggas don't call the law
Look at the Benz
Look at them niggas they looking depressed
Came with her friends
Throwing them bags, that Mitchell & Ness
Young cold nigga, mouth full of gold teeth
Fuck nigga talk 'bout nigga, you don't know me, huh
Look at the presi
Fuck with the Rollie and move like the president
This shit depressing
Feeling like Moses I'm giving them lessons
Skinny, tatted with the blue hair and the gold teeth
I don't run from woop woop
shit fuck the police I told her hold it down
She fucking with the plug
told her "come over now"
Where are all my bitches tonight?
Bring me some more bitches tonight
Yeah

I bought a hunnid rounds
She asking for fifty
Threw a hunnid thou
Where are all my bitches tonight?
Bring me some more bitches tonight
Yeah
I'm feeling like Moses
I'm all in the ocean, I'm parting, divided up
feeling like Moses
She switching emotions and making them faces just like an emoji
Pineapple Fanta, it mixed with the Xanax, she loving the codeine
All of my killas they ready to follow me, I feel like Moses What you feel like (Moses)
What you feel like? (I feel like Moses)
What you feel like?
Uuuhhh
Yaah(Quavo!)
Feeling like Moses
Pipe with the water
I cause a commotion
Lil' mama said she wet
She wetter than an ocean
I pull up on you
Rub up on you
Like some lotion
You might call me sniper
Way a nigga scoping
(Offset!)
When she get on her knees it's for numbers
When it come to trapping
I give you the formula
Cuban links hang on my neck like the ornament
Fuck on your bitch
I give her back
Don't want the bitch
(Takeoff!)
Grabbing it fast shit it's magic
Two snow bunnies call 'em Mary Kate & Ashley
Keep it on me, quick to shoot a three
Like Dirk Nowitzki from the Dallas Mavericks
(Quavo!)
She said she wanna fuck with a real nigga
She said she wanna go to war and kill witch you
50 bottles in the VIP, 50 models
Momma told me watch for the snakes and koalas I told her hold it down
She fucking with the plug
told her "come over now"
Where are all my bitches tonight?
Bring me some more bitches tonight
Yeah

I bought a hunnid rounds
She asking for fifty
threw a hunnid thou
Where are all my bitches tonight?
Bring me some more bitches tonight
Yeah
I'm feeling like Moses
I'm all in the ocean, I'm parting, divided up felling like Moses
She switching emotions and making them faces just like an emoji
Pineapple Fanta, it mixed with the Xanax, she loving the codeine
All of my killas they ready to follow me, I feel like Moses
What you feel like (Moses)
What you feel like? (I feel like Moses)
What you feel like?
Uuuhhh
Yaah
