

# One Woman Army

Ciara

Never knew what I was signing up for  
Knew it was hard but not this hardcore  
Never gonna stop, never gonna give up on you  
No matter what I do Here I am baby, I'm your one woman army  
I'd fight for you, I'll die, I'll be your protector  
Here I am baby, I'm your one woman army  
No matter what may come, I won't surrender Wanna give you everything I never had  
Love you and teach you good from bad  
Never gonna stop, never gonna give up on you  
No matter what I do  
Here I am baby, I'm your one woman army  
I'd fight for you, I'll die, I'll be your protector  
Here I am baby, I'm your one woman army  
No matter what may come, I won't surrender What I do, I do for you the best I can  
Build a life for you with my own two hands  
Never gonna stop, never gonna give up on you  
No matter what I do Here I am baby, I'm your one woman army  
I'd fight for you, I'll die, I'll be your protector  
Here I am baby, I'm your one woman army  
No matter what may come, I won't surrender Here I am baby, I'm your one woman army  
I'd fight for you, I'll die, I'll be your protector  
Here I am baby, I'm your one woman army  
No matter what may come, I won't surrender  
Here I am baby, I'm your one woman army  
I'd fight for you, I'll die, I'll be your protector  
Here I am baby, I'm your one woman army  
No matter what may come, I won't surrender
