

Summer Days (Galantis Remix)

ARIZONA

She know she got it
Parties with her friends
And she goes out on fancy dates
She has it
But there's another girl
Behind the diamonds and champagne
Tonight she's downtown
'Cause all her uptown boys don't understand her anyway
And she's just dancing, ohh
Make the cold nights feel like summer days
Woah, woah, woah, woah
Woah, woah
Make the cold nights feel like summer days Make the cold nights feel like summer days She
know she got it, oh-oh
She plays hard to get, but all these games get hard to play
She post pictures, oh-oh
Of everywhere she goes, when she goes on holiday But tonight she's downtown, mm-mm
Traded in the diamonds and champagne for chardonnay
She's just dancing, ohh Make the cold nights feel like summer days
Woah, woah, woah, woah
Woah, woah
To make the cold nights feel like summer days
Make the cold nights feel like summer days
Woah, woah, woah, woah
Woah, woah
To make the cold nights feel like summer days And she's just dancing, ohh
To make the cold nights feel like summer days
