

Stutter (feat. Mystikal)

Joe

B-b-baby don't go
B-b-baby don't go
B-b-baby don't go
I need you Talk to me, tell me
Where you were
Late last night
You told me,
You were with your friends,
Hanging out
Late last night
You're lying, cause you're stuttering
Now where were you, late last night
Stop lying to me,
Cause you're ticking me off,
See you're ticking me off
Ooh girl
I can tell you're lying,
Because when you're replying,
Stutter, stutters, stutter, stutters
I can tell you're lying,
Because when you're replying,
Stutter, stutters, stutter, stutters
I can tell you're lying,
Because when you're replying,
Stutter, stutters, stutter, stutters
I can tell you're lying,
Because when you're replying,
Stutter, stutters, stutter, stutters
I called you,
On your cell phone,
No answer
(tell me why)
So I paged you,
On your two-way,
Still no response
(tell me why)
I took care of you,
I loved you,
And you played me
(tell me why)
Stop lying to me
About where you been,

Stutter, stutters, stutter, stutters
I can tell you're lying,
Because when you're replying,
Stutter, stutters, stutter, stutters
I can tell you're lying,
Because when you're replying,
Stutter, stutters, stutter, stutters
