

# NOT TOO DEEP (feat. 6LACK)

## India Shawn

[Intro: India Shawn]  
Testing[Verse 1: India Shawn]  
We got something special  
Mmm-mm, mmm-mm  
Like Hershey's in the middle  
Mmm-mm, so sweet[Pre-Chorus: India Shawn]  
Will you meet me at the line?  
Can we just stay in the moment?  
Right before we have to try  
Before we have to try  
[Chorus: India Shawn]  
Too far gone, lightning speed  
Wanna go, just scared to leave  
In your arms, evergreen  
Wanna fall, just not too deep[Post-Chorus: India Shawn]  
Feelin' you when you're feelin' it too much (Ah)  
I'm wide open, drownin' in your love (Oh)  
In your arms, evergreen  
Wanna fall, just not too deep (Ah, ah-ah)[Verse 2: India Shawn]  
'Cause nothin' stays the same, we're gonna change over time  
Right side of my brain, can't put my heart over mind  
Don't wanna lose  
Hold me 'til I'm drunk on trust  
'Cause I ain't had enough  
[Pre-Chorus: India Shawn]  
Will you meet me at the line?  
Can we just stay in the moment?  
Right before we have to try  
Before we have to try[Chorus: India Shawn]  
Too far gone, lightning speed  
Wanna go, just scared to leave  
In your arms, evergreen  
Wanna fall, just not too deep[Post-Chorus: India Shawn]  
Feelin' you when you're feelin' it too much (Ah)  
I'm wide open, drownin' in your love (Oh)  
In your arms, evergreen  
Wanna fall, just not too deep (Ah, ah-ah)[Verse 3: 6LACK, India Shawn & Both]  
Can we connect on another level?  
I'm tryna fill you up, make it hot 'til that noise come out like a kettle  
I'm tryna get Chicago deep, well, that's too deep (That's too deep)  
We ain't made love in like two weeks (Like two weeks)  
I understand you ain't tryna slip

But your lips need a kiss (Mwah), bliss  
Lookin' for a reason to love you from season to season (Season)  
Heart on my sleeve, see me bleedin' (Bleedin')  
Short of my breath, see me wheezin' (Wheezin')  
Sure, on your chest? Girl, that's easy (Girl, that's easy)  
Don't you wanna fall just a little? (Just a little?)  
Don't you wanna ball just a little?  
Don't you wanna crawl, drive, rise to the top?  
While I get lost in the middle (Ooh-oh)  
Now we knee-deep in  
Good pipe make her sleep in (Oh-oh-oh)  
We can cut it up on your weekdays  
Or let that shit carry 'til the weekend (Ooh-oh)  
I know you scared to check my chart (Ooh-oh)  
You gon' find somethin' out  
I ain't got a problem tellin' you what I'm about (Ooh-oh)  
(What I'm about, what I'm about, what I'm about, what I'm about)  
I said, I ain't got a problem tellin' you what I'm a-  
Babe, I know it's bad  
I know you hurt, so sad  
Yeah (Yeah)  
You need to trust (Trust)  
Wake up, girl, you too sleep (Too sleep)  
I say it three times with my eyes closed (Eyes closed)  
'Cause ain't no such things as too deep (Too deep)  
Nah[Bridge: India Shawn, SwaVay & Both]  
I can see that you can see that we got the same feelings  
I can feel our spirits move all around the building (Oh)  
You're givin' me something, don't you take it like I'm lonely (Oh)  
We can be together ('Gether) if you want  
I can see that you can see (Babe) that we got the same feelings  
I can feel our spirits move all around the building  
You're givin' me something, don't you take it like I'm lonely (I'm lonely)  
We can be together ('Gether) if you want[Outro: India Shawn]  
Babe  
If you want, babe
