

Do U Dirty

Kehlani

I, IUp for hours drinking
Posted up, just reflecting on it
And I know you won't believe me
But babe, I'm cold and yeah, this life is cold
I say swear you won't come near me
Keep your heart 'cause I could fuck you up
Or have you never thinking clearly
Never thinking clearly
Have you all up in your feelings
Experienced, I did it times before
And I can see you from a distance
I could fuck you now and years later on
You gon' be stuck, just reminiscing
It's the way I ride you, let you stay inside
Yeah, I'ma fuck you like a vixen
There's something 'bout me (something about me)
Swear you see the good in me, But
That don't beat the hood in me, And
I got my intentions and use
Guess I'm make believe 'cause baby, I know, baby, I knowI, I'ma do you dirty
Say you love me now, but baby, it's too early
I, I'ma do you dirty
You think you love me now, I think you should be worriedUp for days, been rolling
Swear them bullets, don't regret the choices
That I made 'cause I'm still growing
Sign the deal and then they cut the check
And ever since, my color's showing
Change the scene, the things are better now
And you know the wave is never slowing
The wave is never slowing (The wave is never slowing)
I know that you will miss me
You liked it when I used to leave a wound
And promise I would come and kiss it
I fed you lies and you just ate 'em up
And I don't care to do the dishes
I ain't no wifey, ain't gon' hold you down
It's way more fun to be the mistress
I know I'm not like other bitches
Swear you see the good in me, But
That don't beat the hood in me, And
I got my intentions and use
Guess I'm make believe 'cause baby, I know, baby, I knowI, I'ma do you dirty

Say you love me now, but baby, it's too early
I, I'ma do you dirty
You think you love me now, I think you should be worried You want all my time but I don't got
enough
Baby, I can put it down but I can't put it up
I got too much time to live, well I'm still way too young
I'm still way too young, yeah
I'ma do you dirty, I, I'ma do you dirty
Say you love me now, but baby, it's too early
I, I'ma do you dirty
You think you love me now, I think you should be worried
