

# When I Close My Eyes

[Kenny Chesney](#)

There's so many things, I didn't say  
And even though, it may be too late  
I want you to know, I still love you so  
Every car I meet, looks like your car  
Every movie I see, you play the leading part  
You're on my mind, can't leave you behind  
When I close my eyes, you're all I see  
In the dark of night, you're in my dreams  
Throughout the day, you're easy to find  
You're always there, when I close my eyes  
In my mind I know, you're far away  
But here in my heart, nothing has changed  
I'm still holdin' you, like I used to  
On a busy street, in a crowded room  
Wherever I go, it's just me and you  
Together again, girl it never ends  
When I close my eyes, you're all I see  
In the dark of night, you're in my dreams  
Throughout the day, you're easy to find  
You're always there, when I close my eyes  
You're always there, when I close my eyes
