

Faithless

All That Remains

With all our hopes and dreams answered
Are we not lost
With nothing driving us forward
We count the cost How can we not believe in ourselves?
We let our lives fade away Still we're far, we're far from faithless
And we trust to guide us on
We still believe that
(We still believe)
We still believe that we belong Still we long, we long for days when
We can trust, we are not wrong
We still believe that
(We still believe)
We still believe that we belong
Stay strong and let honor guide you, this can't be wrong
Make no mistake of our meaning, this is our call
Let the hopeless let them be renewed
Let weakness fall Still we're far, we're far from faithless
And we trust to guide us on
We still believe that
(We still believe)
We still believe that we belong Still we long, we long for days when
We can trust, we are not wrong
We still believe that
(We still believe)
We still believe that we belong How can we not believe in ourselves?
Don't let our lives fade away
Let hope be renewed
Let weakness fall Still we're far, we're far from faithless
And we trust to guide us on
We still believe that
(We still believe)
We still believe that we belong Still we long, we long for days when
We can trust, we are not wrong
We still believe that
(We still believe)
We still believe that we belong Still we're far, we're far from faithless
And we trust to guide us on
We still believe that
(We still believe)
We still believe that we belong We still believe, we still believe
