Faithless

All That Remains

With all our hopes and dreams answered

Are we not lost

With nothing driving us forward

We count the costHow can we not believe in ourselves?

We let our lives fade awayStill we're far, we're far from faithless

And we trust to guide us on

We still believe that

(We still believe)

We still believe that we belongStill we long, we long for days when

We can trust, we are not wrong

We still believe that

(We still believe)

We still believe that we belong

Stay strong and let honor guide you, this can't be wrong

Make no mistake of our meaning, this is our call

Let the hopeless let them be renewed

Let weakness fallStill we're far, we're far from faithless

And we trust to guide us on

We still believe that

(We still believe)

We still believe that we belongStill we long, we long for days when

We can trust, we are not wrong

We still believe that

(We still believe)

We still believe that we belongHow can we not believe in ourselves?

Don't let our lives fade away

Let hope be renewed

Let weakness fallStill we're far, we're far from faithless

And we trust to guide us on

We still believe that

(We still believe)

We still believe that we belongStill we long, we long for days when

We can trust, we are not wrong

We still believe that

(We still believe)

We still believe that we belongStill we're far, we're far from faithless

And we trust to guide us on

We still believe that

(We still believe)

We still believe that we belong We still believe, we still believe
