

# Zero Zero

## Gerard Way

I got an offhand way  
Of getting information  
I got to walk away  
Jet-lag is suffocation Call me zero, zero, zero  
Call me zero, you are zero  
Call me zero, zero, zero  
Call me zero, you are zero-oh-oh-oh-oh-oh-oh Another cloudy day  
Another observation  
They keep my DNA  
Down by the record station  
Call me zero, zero, zero  
Call me zero, you are zero  
Call me zero, zero, zero  
Call me zero, you are zero-oh-oh-oh-oh-oh-oh You'll be coming around, and you'll be off your  
station  
Oh, oh, oh, and you'll be hanging around until you go in make-up  
Man, give me social-disease and give me teenage razors  
Man, give me social-disease and give me high-end phasers I got an offhand way  
Give me some information  
She gotta walk away  
Jet-lag is suffocation  
Call me zero, zero, zero  
Call me zero, you are zero  
Call me zero, zero, zero  
Call me zero, you are zero  
Call me zero, zero, zero  
Call me zero, you are zero  
Call me zero, zero, zero  
Call me zero, you are zero  
Call me zero, zero, zero  
Call me zero, you are zero
