

# In My Head

Brantley Gilbert

Well, I watched the sun come up on auburn hair across my chest  
Couple coffee cups with just a little wine left  
I had to smile 'cause you still got that bottle in your hand  
Last night's a movie playin' over and over  
All in my head  
All in my head, baby  
We talked for hours, fell in love with everything you said  
About our exes, about Jesus in between some sips  
You said so sexy, with your lips about an inch away  
You wanna kiss me, don't you, whaddaya say  
You're in my head  
All in my head, baby  
You got me thinkin' crazy, this ain't me, I know where it ends  
And this has got too good to be true written all over it  
I'm takin' this leap of faith, if I go down in flames  
We made a memory that won't go away  
You're in my head  
All in my head, baby You sleep so pretty up against me in this truck bed  
Your little hand's inside of mine, and it's a perfect fit  
And I'm in love with you all over me in every way  
And I wouldn't be sayin' this if you were awake  
You're in my head  
All in my head, baby You got me thinkin' crazy, this ain't me, I know where it ends  
And this has got too good to be true written all over it  
I'm takin' this leap of faith, if I go down in flames  
We made a memory that won't go away  
You're in my head  
All in my head, baby  
When you woke up, I saw you smile when you looked back at me  
Said you missed me, I forgot how to breathe  
You're in my head What am I gon' do with you  
You're in my head You got me thinkin' crazy, this ain't me, I know where it ends  
And this has got too good to be true written all over it  
I'm takin' this leap of faith, if I go down in flames  
We made a memory that won't go away  
You're in my head  
All in my head, baby You're in my head  
All in my head
