

Thunder

Boys Like Girls

Today is a winding road
That's taking me to places that I didn't want to go, woah
Today in the blink of an eye
I'm holding on to something and I do not know why I tried I tried to read between the lines
I tried to look in your eyes
I want a simple explanation; what I'm feeling inside
I gotta find a way out
Maybe there's a way out Your voice was the soundtrack of my summer
Do you know you're unlike any other?
You'll always be my thunder, and I said
Your eyes are the brightest of all the colors
I don't wanna ever love another
You'll always be my thunder
So bring on the rain
And bring on the thunder
Today is a winding road
Tell me where to start and tell me something I don't know
Today I'm on my own
I can't move a muscle and I can't pick up the phone, I don't know And now I'm itching for the
tall grass
And longing for the breeze
I need to step outside, just to see if I can breathe
I gotta find a way out
Maybe there's a way out Your voice was the soundtrack of my summer
Do you know you're unlike any other?
You'll always be my thunder, and I said
Your eyes are the brightest of all the colors
I don't wanna ever love another
You'll always be my thunder
So bring on the rain
And bring on the thunder
Yeah I'm walking on a tightrope
I'm wrapped up in vines
I think I'll make it out but you just gotta give me time
Strike me down with lightning
Let me feel you in my veins
I wanna let you know how much I feel your pain Today is a winding road
That's taking me to places that I didn't want to go, woah Your voice was the soundtrack of my
summer
Do you know you're unlike any other?
You'll always be my thunder, and I said
Your eyes are the brightest of all the colors

I dont wanna ever love another
You'll always be my thunder Your voice was the soundtrack of my summer
Do you know youre unlike any other?
You'll always be my thunder
So bring on the rain
And listen to the thunder
