

# Hit or Miss

## Jacob Sartorius

I heard that life gets hard when you're older,  
and the fun stuff's just for kids.  
But what I realize as I grow up,  
is that it's just a hit or miss.  
So let's not worry 'bout to-mo-mo-mo, nah nah nah nah.  
We all good, baby we alright.  
So let's not worry 'bout to-mo-mo-mo, nah nah nah nah.  
We all good, baby we alright.  
So let's not worry 'bout to-mo-mo-mo, nah nah nah nah.  
We all good, baby we alright.  
So let's not worry 'bout to-mo-mo-mo, nah nah nah nah.  
We all good, baby we alright.

Aye  
How, how you doin'?  
Girl tell me what it do.  
I see you with your friends, but I'm tryna kick it with you.  
Thought you already knew, but you didn't.  
I'm tryna roll with you so I can show you how we livin'. And I've been on a mission, tryna take  
you to the dance floor.  
We go up right now, so to the places that they can't go.  
But what's your name though?  
Didn't even ask ya.  
These other girls fake.

I see through 'em like Casper. 'Cause girl, you got me thinkin' we can really do it.  
This could be our chance I don't wanna lose it.  
If you don't think I care 'bout you, imma prove it.  
And by the way, I really like the way you move it.  
So let's keep goin', don't gotta stop.  
Please don't worry 'bout tomorrow, we just live it up.  
I know that there use to be girls in the past, but I forgot.  
Now you the only one all up in my thoughts.  
I heard that life gets hard when you're older,  
and the fun stuff's just for kids.  
But what I realize as I grow up,  
is that it's just a hit or miss.  
So let's not worry 'bout to-mo-mo-mo, nah nah nah nah.  
We all good, baby we alright.  
So let's not worry 'bout to-mo-mo-mo, nah nah nah nah.  
We all good, baby we alright.  
So let's not worry 'bout to-mo-mo-mo, nah nah nah nah.  
We all good, baby we alright.  
So let's not worry 'bout to-mo-mo-mo, nah nah nah nah.

We all good, baby we alright.  
Aye What you thinkin'?  
I think I need some Blue's Clues.  
Clues in my mind, just to make sure I don't lose you.  
So please just let me know.  
My heart's a metronome.  
And if it stops beatin', then that means I let you go.  
And now you know I'm glad I met you though.  
Because the second we connected, girl our love, it's so electrical.  
And yeah, you way above the typical.  
So come with me and we could make it 'cause you never know. 'Cause girl, you got me thinkin'  
we can really do it.  
This could be our chance I don't wanna lose it.  
If you don't think I care 'bout you, imma prove it.  
And by the way, I really like the way you move it.  
So let's keep goin', don't gotta stop.  
We ain't worry 'bout tomorrow, we just live it up.  
I never be thinkin' about those other girls, you all I got.  
It's a hit or miss, come on baby, take your shot. I heard that life gets hard when you're older,  
and the fun stuff's just for kids.  
But what I realize as I grow up,  
is that it's just a hit or miss.  
So let's not worry 'bout to-mo-mo-mo, nah nah nah nah.  
We all good, baby we alright.  
So let's not worry 'bout to-mo-mo-mo, nah nah nah nah.  
We all good, baby we alright.  
So let's not worry 'bout to-mo-mo-mo, nah nah nah nah.  
We all good, baby we alright.  
So let's not worry 'bout to-mo-mo-mo, nah nah nah nah.  
We all good, baby we alright.  
Aye
