

# Right Now (feat. Lisa Vitale)

Watsky

It's '86 when my mama has me  
30 seconds later when the doctor slaps me  
15 years til I get my permit  
And then 4 more til we're in the backseat  
Of a taxi, crazy youngfolk  
And then sun came up but none woke  
It's 4: 20 when I made that dumb joke  
I was saying something like blah blah blunt smoke  
And then it's later in the afternoon  
In my backyard when we write this tune  
2 days later when I pen the verses  
Probably 8 months til you first heard it  
So punch the clock, adjust your tie  
Spike the punch and touch the sky  
Life is hard and then you die  
So let's all go hard tonight  
Remembering the days that felt so long  
I bet you miss me  
We spent the whole day dreaming, our minds made up  
We're making history  
Right now is right now  
Too loud to die down  
Right now is right now  
No other time now If time is money a second's a penny a minute's buck  
A couple years are a milly I'm getting really really filthy  
Bitch, get me a bathtub!  
I'm filthy rich, watching my pennies stack up  
I shower in a typhoon  
If time is dimes then I'm a tycoon  
I'll glue em together and the climb to the moon  
Climb to the moon! Climb to the moon!  
We on Today, Today, Matt Laur  
Every 24 we going like Jack Bauer  
Hear the bell ringing I'm thinking it's that hour  
Turning on my light and I set it to max power  
Let's keep it going and going, I'm talking moment to moment we live the high and the low  
And then when we're broken like cracking open a coconut  
We pull ourselves together again and we gotta go  
Remembering the days that felt so long  
I bet you miss me  
We spent the whole day dreaming, our minds made up  
We're making history

Right now is right now  
Too loud to die down  
Right now is right now  
No other time now Pushing off the ground tonight  
I be up in the clouds tonight  
Looking over my town tonight  
In the shadow we found the light Pushing offa the ground tonight  
I be up in the clouds tonight  
Looking over my town tonight  
In the shadow we found the light Remembering the days that felt so long  
I bet you miss me  
We spent the whole day dreaming, our minds made up  
We're making history  
Right now is right now  
Too loud to die down  
Right now is right now  
No other time now
