

# Hold On

## Colbie Caillat

I'm feeling further, feeling further from you every day  
You're in the stars, in the stars, yeah  
You're worlds away  
I'm moving on, moving on, then I hear you say  
Hold on, hold on  
We're losing light, losing light, yeah  
We're fading fast  
We had a fire, need a spark, or we'll never last  
Just look at me, look at me, I've been burning for you  
So long, so long I should walk away (Oh-oh oh-oh)  
I look at you and  
(Oh-oh oh-oh)  
I get the feeling  
(Oh-oh oh-oh)  
I think that I should hold on, hold on  
(Oh-oh oh-oh)  
I look at you and  
(Oh-oh oh-oh)  
I get the feeling  
(Oh-oh oh-oh)  
I think that I should hold on, hold on I'm losing love, losing you, losing everything  
Losing faith in the world where I wanna be  
So I don't care if the one thing that's killing me  
Is so wrong, so wrong I should walk away (Oh-oh oh-oh)  
I look at you and  
(Oh-oh oh-oh)  
I get the feeling  
(Oh-oh oh-oh)  
I think that I should hold on, hold on  
(Oh-oh oh-oh)  
I look at you and  
(Oh-oh oh-oh)  
I get the feeling  
(Oh-oh oh-oh)  
I think that I should hold on, hold on Oh, oh, oh  
And I can't stop this feeling  
And I can't stop this feeling (Oh-oh oh-oh)  
I look at you and  
(Oh-oh oh-oh)  
I get the feeling  
(Oh-oh oh-oh)  
I think that I should hold on, hold on

(Oh-oh oh-oh)  
I look at you and  
(Oh-oh oh-oh)  
I get the feeling  
(Oh-oh oh-oh)

I think that I should hold on, hold on
