

Good to Me

Audrey Assad

I put all my hope on the truth of your promises
And I stand in my heart on ground of your goodness
When Im bout down I will left your name
And thewill not steel my jury
Because you are good to me, God to me
You are good to me, God to me
You are good to me
And I left my eyes to the hills where I that piece was found
Your voice feels in night, raise my head up to that sound
A love was spread all over me
I will pray you my God
And the falsest are in you
Were no steel much more
Because you are good to me, God to me
You are good to me, God to me
You are good to me
Yeah,
Cause you are good to me, God to me
You are good to me, God to me
You are good to me
Ooh, yeah,
Youre goodness and mercy, shall fallow me
All my love, I trust in your promise
Youre goodness and mercy, shall fallow me
All my love, I trust in your promise
Yah, youre goodness and mercy, shall fallow me
All my love, I trust in your promise
Cause you are good to me, God to me
You are good to me, God to me
You are good to me
You are good to me, God to me
You are good to me, God to me
You are good to me
You are good to me, God to me
You are good to me, God to me
You are good to me
