

Crushin'

Gavin Magnus

How about I take you out for a ride
How about we go and have a good time
Cos I been waiting since the very first time

That I saw you
Trust me I knew

You plus me

That's what it's supposed to be

As easy baby as 1 2 3

Can't you see that we are meant to be

One baby I know u knew

Listen tight it's time girl u knew

That I been crushing on youuuuu

Oh yes I have

Yeah I been crushing on youuuu

And you have too

So how about you give me a chance

Treat you right and take you out to dance

I knew I wanted you after a one glance

So let's take it to another level let's see then

You plus me

That what it's supposed to be

As easy baby as 1 2 3

Can't you see that we are meant to be

One baby I know you knew

Listen tight it's time girl u knew

That I been crushing on youuuuuuu

Oh yes I have

Yeah I been crushing on youuuuuuuu

And you have too

That I been crushing on youuuuuuu

Oh yes I have

Yeah I been crushing on youuuuuuu

And you have too

Be what you want us to be

I'll give you my all and so much more

Because together we're free

We are free to be

Be be who we wanna be

You plus me

That's what it's supposed to be

As easy baby as 1 2 3

Can't you see that we are meant to be

One baby I know u knew
Listen tight it's time girl u knew
That I been crushing on youuuuuuu (I been crushing on you)
Oh yes I have
Yeah I been crushing on youuuuuu
And you have too
That I been crushing on youuuuuu
Oh yes I have (yes I have)
Yeah I been crushing on youuuuuu
And you have too
(You have too)
