

H.W.C.

Liz Phair

Give it to me, don't give it away
Don't think about what the others say
My skin's getting clear, my hair's so bright
All you do is fuck me every day and night
You're my secret beauty routine
Na, na, na, na, what my body has seen
I am lookin' good and I'm feeling nice
Baby you're the best magazine advice
Gimme your hot white cum
Gimme your hot white cum
Gimme your hot white cum
Gimme your hot white cum
I'm gonna pull you back down between the sheets
Everything is fresher when the day is sweet
In the morning light when you're already on the phone
Face it, one of these days
Without you I'm just another Dorian Gray
It's the fountain of youth, it's the meaning of life
So hot, so sweet, so whet my appetite
Gimme your hot white cum
Gimme your hot white cum
Gimme your hot white cum
Gimme your hot white cum
Face it, one of these days
Without you I'm just another Dorian Gray
It's the fountain of youth, it's the meaning of life
Baby you're the best magazine advice
Gimme your hot white cum
Gimme your hot white cum
Gimme your hot white cum
