

# Same Way

## Tank

I feel like this could last forever  
I feel like this could last forever  
It feels new everyday  
I feel it never goes away, when I see you  
And when we talk just like the first time, do you know I'm gonna stay?  
Cause I've been looking for her  
A women like you,  
And no one else before ya, came close  
Like my birthday everyday, your the gift I want for sure  
Your perfect anyway, oh girl (girl)  
There's nothing like my lady  
And I knew this since the first day lady  
And I still feel the same way,  
Same way same way  
And I still feel the same way,  
same way, same way girl  
It's like I wished on a star, ohh  
Cause you're a dream come true, oh girl  
You know I'll never stray too far  
Cause I'm connected to your heart beat  
I've been looking for a woman like you  
And no one else before ya came close  
Like my birthday every day  
You're the gift I want for sure  
The perfect getaway, oh girl  
There's nothing like my lady  
And I knew that since the first day lady  
And I still feel the same way, same way same way  
And I still feel the same way, same way same way  
here's no one else, ooh yeah ooh yeah  
Woman, of you  
Yeah yeah, yeaah!  
There's nothing like my lady  
And I knew that since the first day lady  
Baby I still feel the the same way, same way same way  
And I still feel the the same way, same way same way, girl I feel like this could last forever,  
ever ever, ever ever!  
I feel like this could last forever, ever ever, ever ever! Even though I'm getting my money  
Even though I got a new crib  
Even though I got a lot of beautiful girls around  
That don't change the way I feel  
Even though I got the new drop top

Got the drop on new wheels  
You're the only one in the drop riding shot gun  
I ain't change how I feel (I still)  
Want you next to the boss (I still)  
Don't care what it costs (I still)  
Treat you like a queen (I still)  
And tell them ratchets get lost (I still)  
Put the bread up for you (I still)  
Just in case you wanna play (I still)  
From the first day I saw you (I still)  
I'mma still feel the same way about you, yeah!  
Yeaaahh  
You should know  
You should know  
You should know  
I'mma still feel the same way about you!  
All this don't mean nothing, nothing without you  
Down with me since nothing  
You deserve this too  
Don't let this money, this power, this fame  
Make you think my feelings for you ain't the same  
I'mma still feel the same way about you!  
Uuh, yeah I'mma still feel the same way same way!
