??? (Jackson Wang) - Oxygen Lyrics

Live off you

Live off you

Cuz you my

Oxygen

Live off you

Live off you

Cuz you my

Oxygen

Topless walking to the frontline with no ammo

I know I might get shot but I still go though

Go hard go hard go hard in beast mode

All I wish is the clock be ticking in slow mo

In a room with no exit

Not expecting things to be like this

Time keep passing by

I'm just gonna slowly close my eyes

Can't breath for now I might die

Just hoping you be mine

Come back to my life

Come back to my life

Live off you

Live off you

Cuz you my

Oxygen

Live off you

Live off you

Cuz you my

Oxygen

Live off you

Live off you

Cuz you my

Oxygen

Live off you

Live off you

Cuz you my

OxygenDive so deep in the ocean

Ain't no life-vest protection yeah

100 meters down below

Even if it's 100 hours long

Nothing matters anymore when I went down there

Staying by my side we can conquer

Maybe I can be your Aquaman
Underwater we can travel everywhere
Riding on the road
Aren't got no traffic lights
Vibing out all night long
Be my miss right
Deep in your shadow I dive
Want to you be in my life
Cuz I
Cuz I
Cuz I live off youLive off you
Live off you
Cuz you my
Oxygen
Live off you
Live off you
Cuz you my
Oxygen
Live off you
Live off you
Cuz you my
Oxygen
Live off you
Live off you
Cuz you my
Oxygen
