

Lasso

Phoenix

Where would you go?
Not long ago
I've been thinking out loud
Why so suddenly? Don't you know?
Don't do it
What you do Oh What you do to me
Forever is a long long time
When you've lost your way
Trying to follow your ideal Oh sorry but your so called life
It is such a waste
Wear your real eyes
No you don't realize
What you say yes to
But you say yes too
Where would you go
Where would you go With a lasso?
Could you run into
Could you run into
Could you go and run into me? Where would you go
Where would you go
Tied up in a lasso?
Could you run into Could you run into
Could you go and run into me?
So lonely so pretty such a lack of diplomacy
You can't get out
Don't you know don't do it
what you do well you should do to me
Far-out, so far-out
Such a fall-out Not only that you're lonely
Don't matter if you're not so well
No you're not so well
Where would you go Where would you go
With a lasso?
Could you run into
Could you run into
Could you go and run into me?
Where would you go
Where would you go
Tied up in a lasso?
Could you run into
Could you run into
Could you go and run into me?

Wear your real eyes
No you don't realize
What you say yes to
But you say yes too
Tomorrow is a long long time
When you've lost your way
Tomorrow is a long long time
When you've lost your way
